DOE: Bioenergy Technologies Office (BETO) Upcoming Funding and Hub Designation Opportunity

Timeline: January 2024

Likely Funding Amounts: >$3M; 4–10-year cooperative agreements

DE-FOA 0003209 (not yet posted) Area of Interest:

1. Purpose-Grown Energy Crops
   Goal: to 1) designate members of Regional Biomass Resource Hub Initiative operated by Idaho National Lab and 2) demonstrate the long-term yield and sustainability of purpose-grown energy crops that will accelerate feedstock supply chain development.

Teaming is encouraged and DOE has provided a teaming partner list.
