*FY24 Proposal Development  
Workshop Series sponsored  
by Research Development*

**Proposal Development Workshops (PDWs)** are 30-minute webinars (followed by 30 minute small group discussions) on key milestones along the funding journey. Presenters provide best practice and ASU-specific insight across all facets of proposal development. Starting with understanding the funding landscape, going through finding a solicitation, developing a proposal, and preparing a budget, each webinar is a quick look at best practice. These webinars are appropriate to all stages of researcher from any discipline for any sponsor. PDW's are held approximately every other week at 10am AZ through the academic year.
