Impact of Response

A Request for Information (RFI) is a mechanism that Federal agencies use to gather information from experts and stakeholders.
Identification of RFIs
FREO and Strategic Intelligence monitor RFI releases and can share opportunities

Preparation of Read-Aheads
FREO can provide summaries to prompt discussion

Facilitation of Expert Panels
KE can coordinate experts across the university for facilitated idea exchange and provide a note taker

Organization of Response
KE is available to review response and coordinate submission

Prepared by Federal Research Engagement Office
